

# Extra Resources

for Local Government Partners

Play Australia is pleased to offer **Equipment Packs** and **Street Signage** to further support Local Government Partners. All purchases support Play Australia's work to grow the 1000 Play Streets movement

## Equipment 'Play Packs'

3 x equipment packs to kick-start community play on streets

**\$290** (ex GST) inclusive of shipping

Not all communities have access to basic equipment to kick-start play on streets. So we're offering equipment packs for Local Government to provide to targeted communities participating in Play Streets.

**You will receive 3 x PLAY PACKS with each pack consisting of:**

- 1 x drawstring bag
- 5 x frisbees
- 5 x boxes of chalk
- 5 x skipping ropes
- 5 x beach balls

## Street Signage

2 x large metal A-frame street signs

**\$490** (ex GST) inclusive of shipping

We recommend the use of A-frame street signage in conjunction with traffic signage to support community engagement efforts and help communicate to residents that they are all WELCOME to attend Play Streets.

You will receive **2 x large metal A-frame street signs** with slide-in corflute inserts, inclusive of whiteboard sections on the front and back so you can tailor local messages with whiteboard markers.

*"1000 Play Streets signage is a terrific ready-made resource to help engage our communities. It's also a great way to promote that our Council is participating in a national movement championed by Play Australia."*

**Campbelltown City Council, SA**
